1

3. At 1400 on 5 June, 2 x 85-mm AA guns were observed on gondola cars proceeding toward Strausberg-Stadt.
4. Between 1215 and 1230 on 7 June, 24 two-axle chassis from the material depot were loaded on gondola cars.
5. There was no change in the occupation and activity of the gun repair shop on Heegermuehlen Strasse. At 1000 on 14 June, a truck towing a 85-mm AA gun left the installation.
6. Every day, 20 to 24 air force personnel, obviously young soldiers, armed with rifles marched out of the material depot to the firing range south of the gun repair shop. After firing practices, they returned to the installation.
